Vcorp Services aligns with Steven Oshins, Esq., who authored and passed the Nevada law creating the Restricted LLC and Restricted LP

Los Angeles, CA – November 8, 2010 – Vcorp Services LLC, a leader in specialized state corporate filing services for lawyers and small businesses announced today its strategic relationship in Nevada with Steve Oshins, Esq. Mr. Oshins authored the regulation that allows for the creation of special entities under Nevada law called a Restricted LLC and a Restricted LLP which enable such companies to lock in the underlying assets for ten years thereby creating higher valuation discounts.

“Vcorp Services, in an effort to continue to bring information and solutions to its client base, is pleased to be able to turn to the leading legal expert in the industry when it comes to Nevada estate planning and structuring. Our clients can create these unique entities and speak with Mr. Oshins for any guidance or counsel on how to maximize the use of such structures” said Isaac Muller, CEO of Vcorp Services.

Vcorp is known for its ultra-personalized, dedicated business formation services for entrepreneurs. However, we also serve as a resource for law firms and accounting firms throughout the country. Recently we’ve seen an increased demand for our incorporation and 501c3 service by attorneys and paralegals who focus on trust formations and estate planning. Keeping up with current regulations is imperative when working with counsel who are active in forming new entities in all 50 states. Mr. Oshins commented, “Vcorp is a corporate filing resource that I have found to be eager to keep its clients informed”.

Vcorp Services also offers independent manager and springing member services, among other corporate compliance filings. For more information on these services and pricing, visit www.vcorpservices.com or call 1-888-528-2677.
